Vinification method
Classic fermentation method with destemming and pre fermentative skin contact followed of the application of dry yeasts. Fermentation up to 30º C in the first 2/3, and lowering down to 20º C during the last 1/3. During the whole fermentative process, pumping over 2 times per day, using each time half of the volume contained in the vat. After the alcoholic fermentation, the cap is plunged for 30 days, and during that period, extraction of the gentle tannins is conducted, along with the malolactic fermentation and the natural stabilization of the wine.

Ageing
Aged 14 months in French new oak barrels of 225Lt from Seguin Moreau. Aged in bottle for a minimum period of 6 months

Tasting notes
Bright deep red color, full-bodied, rich, with great structure and a harmonious balance between red fruit and wood notes. Very tasty, with an intense, long, persistent and very elegant finish.

How to serve
A great wine for great events and top gastronomy. Excellent with ham from Chaves, Barrancos or Pata Negra, excellent complement of game meats, roasted red meats, stews and cured cheeses. Serve at 14 – 16º.
